WEDNESDAY WEEKLY WISDOM!

"TARGET"

**Set our target and keep trying
until we reach it.**

**Talent hits a target no one else
can hit...Genius hits a target no
one can see.**

**Never lower our target...
increase our actions.**

**If we want to hit the target, we
must aim above it.**

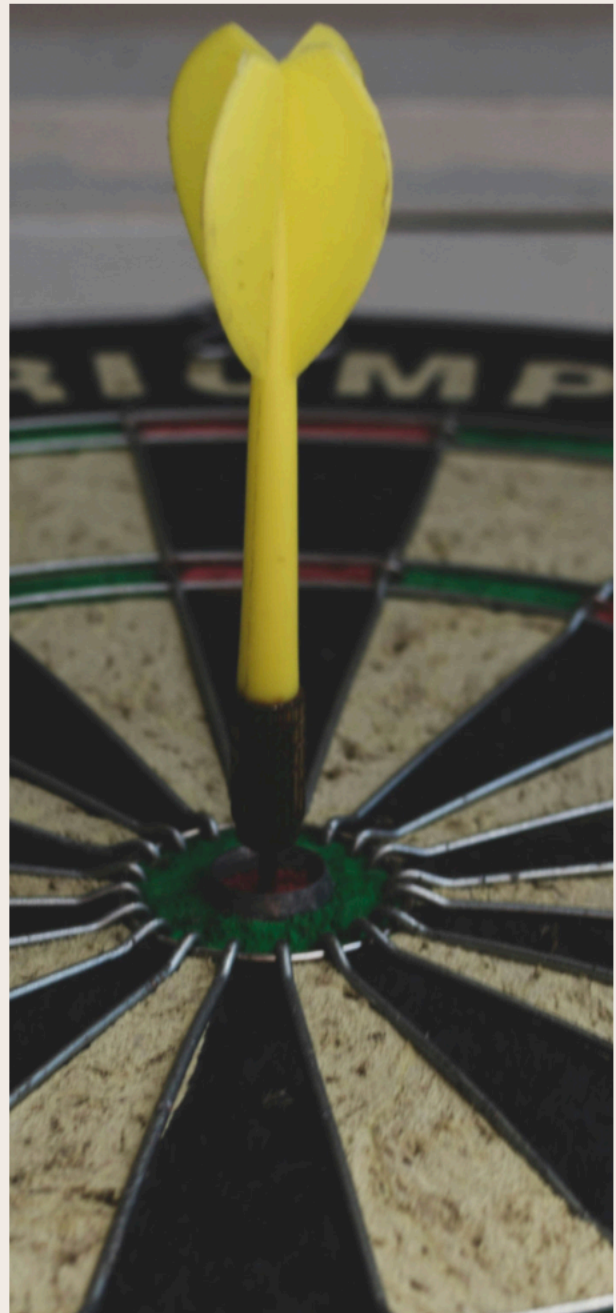

**Be focused, be determined, life
is a target.**

**When you're a threat, you're
always a target.**

**The target is anything in life
should be to do it so well that it
becomes an art.**

**Success is the by-product when
we work towards the target.**

**Start our day with the target in
mind!**
