Decide Commit Become

WEDNESDAY WEEKLY WISDOM!

"ADVANCE"

As we advance we learn our possibilities.

Let our advance worrying become advance thinking and planning.

Prepare enough in advance and just about anything is possible.

We'll stop at nothing to advance.

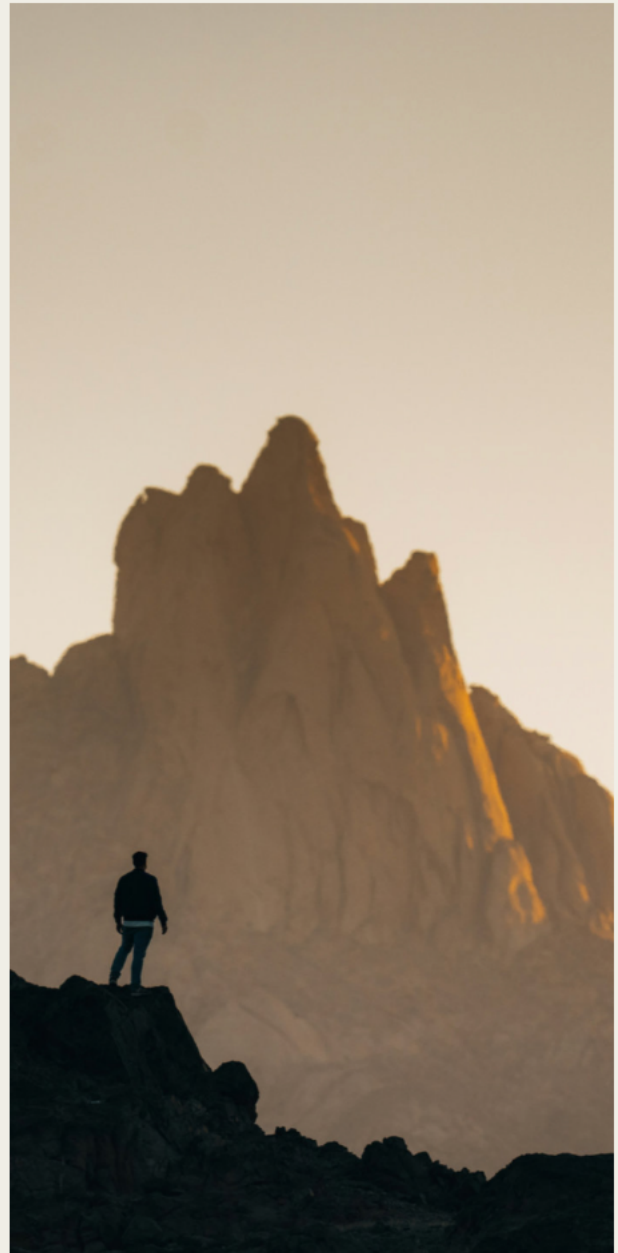

There never was a winner that didn't expect to win in advance.

The price of success must be paid in full in advance.

Excellence requires us to prepare in advance.

The bolder you act the faster you advance.

With goals you can create the future in advance!

Being The Best And Average Have Nothing In Common
