WEDNESDAY WEEKLY WISDOM!

"CHRISTMAS"

Sometimes the best Christmas present is remembering what we already have.

It's not what's under the Christmas tree that matters. It's who's around it.

**The message of Christmas...
Don't let the past steal your present.**

Christmas is the season to sparkle.

Let us keep Christmas beautiful without a thought of greed.

Christmas is more about opening our hearts vs. our presents.

The spirit of Christmas is love in action.

Christmas is a season not only of rejoicing but of reflection.

Have a wonderful Christmas!
