WEDNESDAY WEEKLY WISDOM!

"FAST"

Many will start fast, few will finish strong.

Life moves fast when you are on the right track.

Live fast, fight hard, no regrets.

It's crazy how fast time flies and things progress.

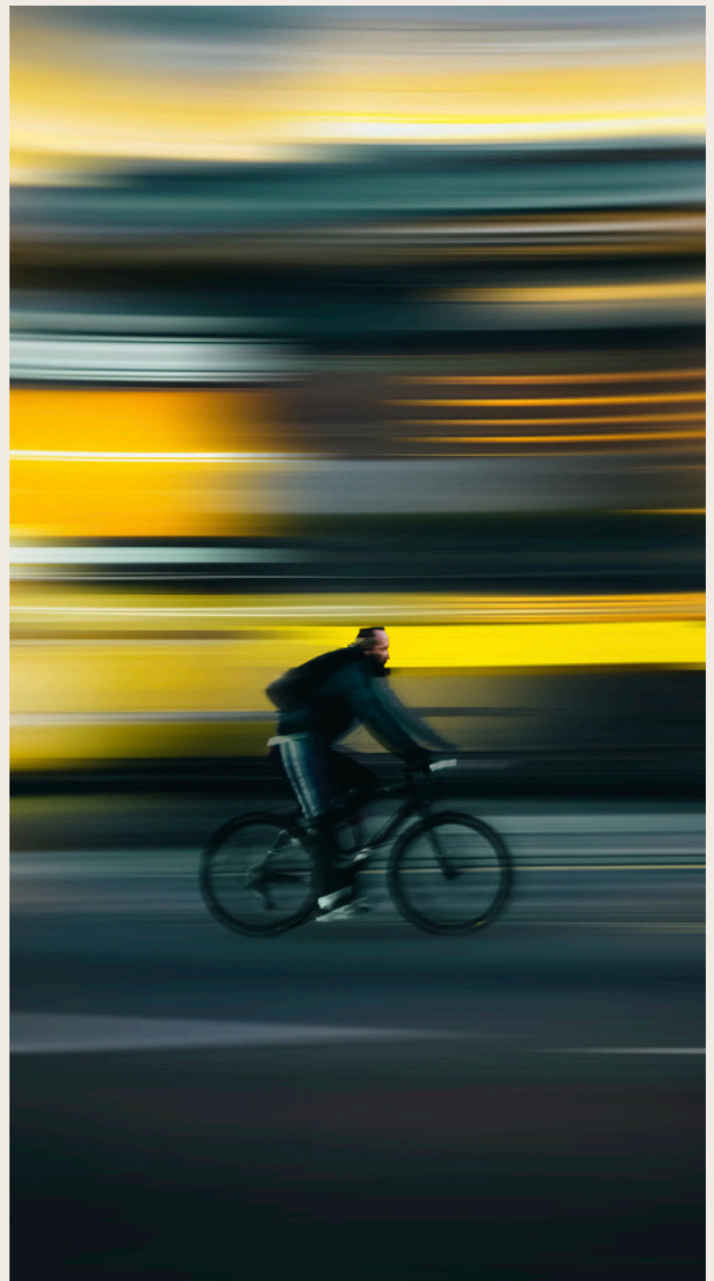

Be fast or be last.

Moving fast is not the same as going somewhere.

Want to go really fast?...Slow down and focus.

Take risks and fail fast while pushing your boundaries.

Slow success builds character, fast success builds ego.
