WEDNESDAY WEEKLY WISDOM!

"ORDER"

Nature puts our senses in order.

**In order to be memorable one
must be different.**

**Good order is the foundation of
all things.**

**In order to succeed we must
first believe.**

**In order to carry a positive
action we must have a positive
vision.**

**Life truly begins when you put
your house in order.**

**In order to become the 1% you
must do what the other 99%
won't.**

**One has to do something new in
order to see something new.**

Being The Best And Average Have Nothing In Common
