WEDNESDAY WEEKLY WISDOM! **"CLARITY"**

Clarity is the starting point of all success.

Clarity empowers!

The lack of clarity creates chaos and frustration.

Clarity allows us to make better decisions.

A clarity that hurts us is better than the hopeful confusion that holds us.

Clarity comes from action not thought.

The more clarity we have the more powerful our goals are.

Clarity of mind brings clarity of purpose.

Don't wait for clarity..create it!
