## WEDNESDAY WEEKLY WISDOM! "POSSIBLE"

**The only difference between can and can't, is our belief of what's possible.**

**Nothing may be easy but anything is possible.**

**Together all things are possible.**

**If you believe in yourself things become possible.**

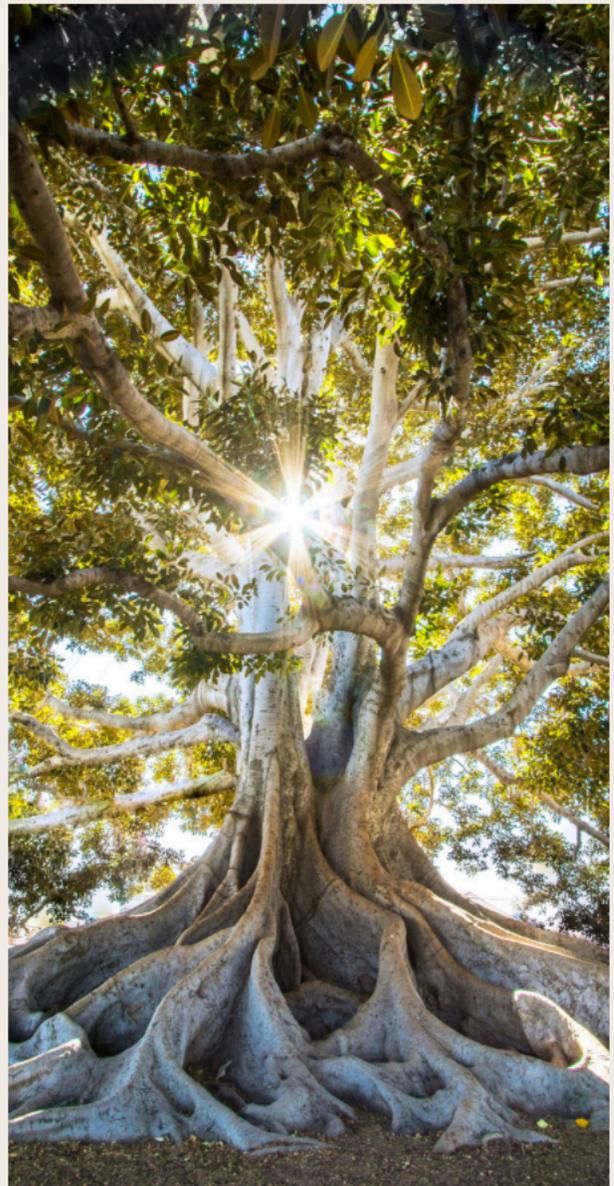

**Once you choose hope anything is possible.**

**Everything is possible...the impossible just takes longer.**

**Be kind whenever possible...It is always possible.**

**Only you can make it possible.**

**Nothing is impossible, the word itself say 'I'm possible.**
